MCE | Women's Leadership Centre

WLC 1-Day Workshop

Women Building Trust - Key for Success

Join us for an empowering and inspiring day!

13 November 2019
Brussels

PART OF AMA GLOBAL™ TALENT TRANSFORMATION

Workshop Highlights

Trust in Business

Define the importance of trust for women in the current business environment.

Trust in your Life

Recognize the trust variables to advance in your career and life.

Trust Strategies

Learn the strategies to improve the way you build trust.

Networking

Grow your network and extend your circle of support and knowledge to support your career.

Your Action Plan

Take away a concrete Action Plan for immediate implementation

Is this Workshop for YOU?

- Are you confident in your ability to fulfil your career aspirations?
- Is trust among the key things you need to succeed in the current business environment?
- Do you want to foster an environment where you can thrive?

This workshop will help you to improve the way you build trust to advance in your career and life, and contribute to a more inclusive environment with greater opportunities to fulfil your potential.

Your Professional Experience

Professional women at all levels who wish to build new skills, learn from the experiences and successes of others and make meaningful connections in order to advance their careers and add value to their organizations.

Your Background

You could have public or private sector experience.
