Learn and Practice

MCE's Mini MBA is an intensive, hands-on and practical programme.

You practice what you learn every day. The programme uses a powerful "Business Simulation" throughout the programme:

- The simulation covers 5 years in a company and the objective is to maximize profitability and ROCE over the strategic 5-year period. Investment decisions have to be made to manage growth and build competitive advantage.
- Teams of 3 to 4 people work throughout the week and the simulation is synchronized with the daily class room subjects.
- It gets progressively complex during the week, as the teams have to consider multiple variables to manage the short and the long term goals. Teams receive immediate feedback.
- The objective is to understand the real factors which impact business decisions and to practice, practice, practice what you learn during the Mini MBA.

During the week (or over the 12 online modules), the programme focuses on the following 5 key areas:

- **Leadership Development** - key competences, building self awareness, leading others and the organization through change. This also includes self profiling, daily reflection and feedback from the facilitators and peers to develop emotional intelligence
- **Strategy** - building a strategy (the changing world and its impact, internal analysis, differentiation etc), and strategy execution (organizational and individual)
- **Finance** - the fundamentals that underpin business success including Profit & Loss, Balance Sheets, Cash Flow and Investment decision-making
- **Marketing & Sales** – knowing the customer (needs and segmentation) and achieving success with the customer (targeting, Customer Value Proposition, sales etc)
- **Supply Chain** - its importance in delivering the Customer Value Proposition

The MCE Faculty delivering the Mini MBA are **experienced business people** with extensive recent international senior management experience
